PRIME PAPER—4@5 per cent.

EXCHANGE—Dull and unchanged.

GOVERNMENTS—Have been strong for all except 4%, which are heavy.

STOCKS—The stock market was weak at the opening exchange this morning, led by Western Union, which broke on the statements published by the president of the Baltimore &amp; Ohio, to the effect that there was nothing in the reported negotiations for a working arrangement a consolidation between that company and the Western Union. This was soon followed, however, by a reaction, in which Western Union, Lake Shore and Granger took the lead. The highest prices of the day were, with a few exceptions made in the forenoon, but gains over yesterday's best figures were for only small fractions, in some cases, and nothing in others.

Prices began to yield shortly before midday, and the market continued moderately active and weak throughout the afternoon. Some stocks yielded slowly, but without reaction, until the last hour when they became comparatively steady, and continued so until near the close, while others were persistently weak to the end. Western Union was especially weak in the afternoon and closed with a net loss of 2%.
